EDUCATION

B.E. in Artificial Intelligence And Data Science

Terna Engineering Collage, Nerul.

08/2023 - Present

PERSONAL PROJECTS

Equipment Health Monitoring System.

- <https://equiphealth-23.web.app/>
- A web application for monitoring the health of various equipment, with real-time data visualization and alerting.

EduRights : Gamified Legal Awareness Platform for Children.

- <https://gamified-awareness-platform.vercel.app/>
- This project focuses on developing an interactive web platform that spreads legal awareness among children aged 8 to 16 through gamified learning.

WORK EXPERIENCE

MERN Intern

Sapphire Technologies

08/2025 - 11/2025

Achievements/Tasks

- Collaborated with a team to create a responsive web application using the MERN stack.
- Developed and integrated interactive gamification modules (points, badges, progress tracking) to enhance user engagement and learning outcomes on the awareness platform.
- Designed and developed RESTful APIs with Express.js, enabling seamless communication between the front-end and back-end.

ML Intern

Zhagaram Technologies

03/2025 - 04/2025

Achievements/Tasks

- Collaborated with team to implement various ML concepts, enhancing the project outcomes.
- Designed and implemented M.L. models improving model performance.
- Extracted, cleaned, and preprocessed to ensure data integrity and model readiness.

ACHIEVEMENTS

2nd Runner-Up – Clash of Codes 2.0 (2025)

Secured 2nd Runner-up Position in Clash Of Codes 2.0 on 7th September 2025.

Bharatiya Antriksh Hackathon

Successfully submitted the idea for the Bharatiya Antriksh Hackathon.

CERTIFICATES

M.E.R.N.

Developed and deployed end-to-end MERN applications with CRUD operations, JWT-based authentication, API integration, and cloud deployment.

M.L.

Built and optimized ML models for real-world datasets, applying model evaluation to enhance predictive performance.
