Education

B.E, Artificial Intelligence And Data Science 2023-present
Terna Engineering Collage, CGPA – 7.9/10 (2nd year)

12th (Senior Secondary Examination) 2022
CBSE Board, 57.83%

10th (Secondary Examination) 2020
CBSE Board, 85%

Technical Skills

- Programming Languages – C, Java, Python
- Web Technologies – MongoDB, MySQL, HTML, CSS, JavaScript, React, NodeJS, ExpressJS
- DevOOPS – Fundamentals of Docker
- M.L.

Internships

Machine–Learning Intern at Zhagaram Technologies Mar 2025 – Apr 2025

- Successfully completed a 2-month internship focused on Machine Learning.
- Demonstrated strong problem-solving, communication, and collaboration skills.
- Recognized for work ethic, technical aptitude, and eagerness to learn.

Academic Projects

- 1. Automated Car Parking System**
Smart parking solution leveraging sensors & IoT for space optimization, real-time monitoring & automated access.
- 2. Warehouse Management System (Team Lead)**
Led development of a full-stack inventory tracker with live stock alerts, DB integration, and logistics efficiency.
- 3. Virtual Banking System**
Built a Java-based banking simulation (JDBC + Swing) for transactions, authentication & account services..

Trainings & Workshops

Fundamentals of Docker & Kubernetes – Masterclass 12th June 2025

- Participated in a hands-on masterclass focused on the foundational concepts of **Docker** and **Kubernetes**.
- Gained insights into containerization, orchestration, and deployment strategies used in modern DevOps practices.
- Enhanced practical skills in managing microservices and scalable cloud-native applications.

Introduction to Amazon Web Services – Certification Program

Organized by: LearnTube.ai (in association with Bhumini Patel, Technical Architect) Date: 11th April 2024

- Completed a foundational course on **Amazon Web Services (AWS)** covering core cloud concepts, deployment models, and service offerings.
- Developed understanding of **EC2, S3, IAM, Lambda**, and other essential AWS services.
- Strengthened knowledge of cloud infrastructure, scalability, and modern deployment environments.

Achievements

- Participated in the **Smart India Hackathon (Intra-College Round)** held at Terna Engineering College, Navi Mumbai on 2nd September 2024.
